COMMUNICABLE DISEASE PROCEDURES

While risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as other body fluids. Procedures for reducing the potential for transmission of these infectious agents should include, but not be limited to, the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform, it must be changed before the athlete may participate.
2. Routine use of gloves or other precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluids is anticipated.
3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.
5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.
6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.
7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
8. Contaminated towels should be properly disposed of/disinfected.
9. Follow acceptable guidelines in the immediate control of bleeding and handling bloody dressings, mouth guards and other articles containing body fluids.

*Additional information is available from
our state high school association and
from the National Federation.*

CHILD ABUSE / MOLESTATION STATEMENT

1. Dizzy Dean Baseball, Inc. abhors all forms of child abuse including verbal abuse, physical abuse, emotional abuse, and sexual abuse and is committed to addressing these concerns by providing risk management guidelines that will lessen, but not totally eliminate the chance of an occurrence. Failure of leagues to implement these risk management precautions may expose such leagues and their officials, volunteers, and other representatives to significant legal liability.
2. Dizzy Dean Baseball, Inc. has no operational control over leagues security including the selection of volunteers associated with independent leagues, which are affiliated with its program. Therefore, it is the sole responsibility of the independent league to take action to adopt and implement sound risk management precautions.
3. Dizzy Dean Baseball, Inc. strongly recommends that all leagues adopt and implement a child abuse / molestation risk management program. Guidelines for establishing such a program are available on the Dizzy Dean Baseball website or a league may develop a similar comprehensive program.
4. Elements of a sound child abuse / molestation risk management program are as follows:
 - a) Screen all volunteers who have repeated access to youth by requiring completion of a volunteer application and by running a criminal background check. All criminal background checks indicating a conviction involving crimes against a minor must result in disqualification of the volunteer. In addition, other charges and convictions may be an indication of an unfit volunteer and may result in disqualification.
 - b) Distribute materials to educate administrators, volunteers, and parents on the warning signs of child abuse / molestation and how to respond to an allegation.
 - c) Appoint a conduct official to administer the program and to be the primary contact for allegations of child abuse / molestation.
 - d) Encourage the use of a “buddy system” where a non-related adult is never alone with a single child.
 - e) Encourage the use of take home/pickup policies to ensure that a single child is not being transported by a volunteer as a result of a parent failing to pick up a child in a timely fashion.
 - f) Prohibition of any overnight sleep over event at any official’s house.
 - g) Limiting the distribution of directories / rosters with names, phone numbers, addresses, and pictures to persons on a “need to know” basis.

DISCLAIMER

Dizzy Dean Baseball, Inc. is not responsible for non-related activities at Dizzy Dean Tournaments. Furthermore, Dizzy Dean Baseball, Inc. Expressly disclaims any and all liability for injuries sustained at hotels, dormitories, restaurants, swimming pools, water parks or other fun parks, beaches, lakes or other recreational activities engaged in by coaches, players, family members or other spectators away and separate from the playing field of the Dizzy Dean Tournament.

CONCUSSION RISK MANAGEMENT

Dizzy Dean Baseball, Inc. strongly recommends that all teams/leagues adopt and implement a concussion risk management program that keys in on training and education for staff, parents, and players in the areas of understanding concussions and their impact on health; recognizing concussion signs and symptoms; removal from play; and return to play protocol. Such a program normally includes web video training for staff and the distribution of an information sheet each season to all staff, parents and players. Guidelines for developing a plan are available on the Dizzy Dean website.

SAFETY EQUIPMENT
